- **10th, SSLC** (2010)
Percentage: **72.33%**
St Theresas Bethany convent Chengaroor
Mallappally, Kerala-India..

PROJECTS UNDERTAKEN

- **Smart Complaint:** As part of my B.Tech. Research Project (6th Semester, team of three), we developed an Android application plays a big part in making it easier for people to report crimes and in enabling the corresponding authorities to provide a better experience for victims and witnesses. This application can influence attitudes across the Criminal Justice System and help it develop as a service for public. I took the responsibility of implementing the registration facility for people.

- **The Teaching Aid For Blind People-Interactive Braille Tutor:** As part of my final year project, I along with a team of 3 developed an application Braille provides a method of writing for the visually impaired, it is still a difficult task to reach out to people as few find it necessary to learn Braille for their day to day communication. This Braille device comprises of an embedded & android section. The text conveyed by the tutor through phone is sent via Wireless communication using bluetooth.
