Mobile : +91-8089771359 Ph: 9995337652 mail: soumyamohan08@gmail.com

Address: Sneha Nivas (H), P.O.Kadalayi, Kannur, Kerala, India

PROFESSIONAL PROFILE
***** Graduate with Good knolwedge and Expertise in C#.NET +ASP.NET and MVC**

CAREER OBJECTIVE

I feel I am quite adaptive and enterprising. I intend to work in a challenging and responsible position where my professional background can be utilized for the progress of the organization and to update myself with the latest technologies, so as to enable myself to establish in future.

1.

2. **Shopping Cart**

Team Size	1
Role	Application Developer, included In Coding Testing, Implementation and Design.
Tools/Language	MVC ,Visual Studio 4.5
Description	Provides Online Shopping Including Sales ank Marketing.

ACADEMIC PROJECT

3. <u>File Tracking System</u>

Team Size	4
Role	Application Developer included in Coding ,Testing and Implementation
Tools/Language	MySQL Server, PHP,Dreamweaver
Description	This project mainly deals with details tracking of each files in an office and also the registration process of each employee and returns the current status of the files.

4. **SQL Injection Attack**

Team Size	4
Role	Application Developer included in Coding ,Testing and Implementation
Tools/Language	MySQL server.C#.NET, Visual Studio 4.5
Description	SQL injection attack (SQLIA) is a technique through which attackers gain access over back-end databases by inserting the malicious codes through front-end. In recent times SQL injection attacks (SQLIAs) have emerged as a major threat to database security. Flaws in designing, improper coding practices, configuration errors, improper validation of user input etc. makes the web application vulnerable and allows the malicious user to obtain unrestricted access to confidential information. Researchers have proposed so many solutions but still SQLIAs exist. In this paper we will discuss several types of SQLIAs, existing techniques and their drawbacks. Finally I have proposed a solution using the ASCII values. I have implemented it using C# and SQL server 2005, although this algorithm can be implemented in any language and for any database platform with minimal modifications.

INDUSTRIAL VISIT

INNOZ Technologies Private Limited Company, Bangalore.

WHITEOVAL Technologies Private Limited, Techno park Trivandrum.

PERSONAL SKILLS

Curriculum Vitae   **************

- Dedicated and consistent towards my work

- Quick learner and a punctual individual

- Willingness to help others.

ACADEMIC ACHIEVEMENTS

- Attended seminar on **iOS** conducted by **SPECTRUM SOFTWARE SOLUTIONS Pvt.Ltd.**
- Attended seminar on **Big Data Analysis.**
- **Attended two day workshop on android application development conducted by Bonfring**

EXTRA CURRICULAR ACTIVITIES

- Many achievements in participating school level competitions.

DECLARATION

I hereby declare that the above furnished details are true to the best of my knowledge.
